Leadership Mahoning Valley Welcomes 26

Leadership Mahoning Valley kicked off its 28th year in September by welcoming 26 new members into the program. The new members participated in an overnight retreat focusing on teambuilding, leadership styles and concepts.

Class members will participate in the ten month leadership program with various focuses on heritage, arts, media, healthcare, diversity, government, justice, education and business.

Heritage of the Mahoning Valley

The month of October celebrated the heritage of the Mahoning Valley. Class members visited various historical points of interest in Mahoning and Trumbull Counties, including the Sutliff Museum, the John Stark Edwards House, the Upton House and Perkins House. In addition, members toured the Historical Center of Industry and Labor as well as the Arms Museum.

Media & Communications Day

Media and Communications was the theme for November, which provided class members with a behind-the-scenes look at The Vindicator, WKBN/WYFX-TV and WYTV. Class members were also treated to a live noon news broadcast at WFMJ-TV as well as a luncheon with celebrities from television, radio and print news. A news case study tested class members' quick thinking skills when it came to breaking news and a panel discussion of media experts closed out the day explaining a day in the life of news media.
